Summary

Information Technology undergraduate with foundational knowledge of web technologies, networking, and troubleshooting. Experienced in developing web applications and collaborating in team environments. Quick learner with strong communication and problem-solving abilities.

Technical Skills

- **Programming:** Java, Python, JavaScript
- **Web Technologies:** HTML5, CSS3, React, Spring Boot
- **Database:** MongoDB
- **Tools:** Git, GitHub, Figma
- **Relevant Knowledge:** DNS, HTTP/HTTPS, SSL, Domain Concepts, Web Hosting Basics

Experience

Software Developer Intern

Crescent Info Tech, Erode

Jun 2025 – Aug 2025

- Developed responsive UI components and resolved usability issues in collaboration with cross-functional teams.
- Converted design prototypes into functional front-end solutions.

Full-Stack Web Development Intern

Prodigy InfoTech

Apr 2026 – May 2026

- Developed and tested web application features across front-end and back-end modules.
- Gained experience in debugging, testing, and collaborative project workflows.

Projects

Smart Employee Management System

- Developed a secure employee management system using JWT authentication and role-based access control.

BDD Test Automation Framework

- Built a test automation framework using Selenium, Cucumber, and TestNG following the POM design pattern.

AI-Enabled Smart Home Automation

- Developed an IoT-based smart home automation system with AI-driven device control and monitoring.

Certifications

- Junior Cybersecurity Analyst Career Path — Cisco Networking Academy (2025)
- CSS Basics — HackerRank
- Figma Basics -(UI/UX Design)
- Blockchain Security -(paper presentation)
- Claude code in Action -(Anthropic)

Education

B.Tech in Information Technology, Nandha College of Technology (AUTONOMOUS)

2023 – 2027

CGPA: 7.5
