Summary

Interested Full Stack Developer and IoT Enthusiast with practical experience in UI/UX integration and end-to-end product development. Skilled in building responsive, user-centric applications and implementing AI-driven automation systems. Eager to contribute to impactful software and embedded solutions.

Technical Skills

- **Languages:** HTML5, CSS, JavaScript, Java, Python
- **Frameworks & Libraries:** React, Spring Boot
- **Databases:** MongoDB
- **Tools:** Git, GitHub, Figma, IoT Platforms

Experience

Software Developer Intern

June 2025 – Aug 2025

Crescent Info Tech, Erode

- Collaborated with designers and developers to implement responsive UI components.
- Improved user engagement by translating design prototypes into functional front-end code.
- Participated in team strategy sessions to align product features with user needs.

Projects

AI-Enabled Smart Home Automation (IoT)

- Built an AI-driven IoT system to automate home devices based on sensor inputs.
- Enhanced energy efficiency using automated scheduling and smart control logic.
- Designed reliable communication between sensors and controllers for seamless operation.

MEDI Expire Alert System

- Developed a web-based system to track medicine expiry dates and prevent the use of expired medications.
- Implemented automated alerts to notify users before medicines reach their expiration date.
- **Technologies Used:** HTML5, JavaScript, MongoDB.

BDD Test Automation Framework

- Developed a basic test automation framework using Selenium, Cucumber, and TestNG.
- Used Page Object Model (POM) structure to organize test scripts in a clear and maintainable way.
- Automated common web application test scenarios such as login and form validation.
- **Technologies Used:** Java, Selenium WebDriver, Cucumber, TestNG.

Certifications

- Figma Basics (UI/UX Design)
- CSS Basics — HackerRank
- Junior Cybersecurity Analyst Career Path — Cisco Networking Academy (May 2025)
- Blockchain Security — Paper Presentation

Education

B.Tech in Information Technology, Nandha College of Technology (Anna University)

2023–2027

CGPA: 7.1
